FINISHING TROWELS

These finishing trowels are top quality Italian manufactured. Produced with high quality carbon steel or stainless steel blades with a thickness of just 0.6mm and drop forged aluminium mounting handles. The soft-grip handles provide a comfortable hold, helping to reduce fatigue and providing an improved grip for better control of the trowel.

QUALITY GUARANTEED ANCORA MADE IN ITALY

Pre-worn Stainless Steel blades

Pre-worn and pre-shaped blades offer the advantage of preventing lines and ripples from the very first day of use. Stainless steel also provides the advantages of being easier to clean and is corrosion resistant, providing a much longer working life.
