Wooden handle

Carpet Kicker

An essential tool for the professional carpet layer providing an easy means to push and stretch carpet in to place ensuring a perfect fit every time. The kicker features a telescopic tubular steel push rod adjustable from 470-545mm to suit the users preference which is also useful for working in confined spaces. The gripper head is diecast for extra strength and features robust steel teeth and adjustable gripper teeth with 7-height settings to allow for variations on carpet thickness.

- Protective skirting buffer
- Padded handle grip
- Thick knee pad

MASTIC GUNS (Skeleton or Caulking Guns)

Both these high quality steel framed guns accept C20 (310ml) and C30 (400ml) sealant and adhesive cartridges.

Each gun features a quick-release lever allowing cartridges to be fitted easily and a non-drip device preventing any unwanted flow, or 'run-on' of sealant.

A handy nozzle cleaning pin is provided on the handle.

Standard Mastic Gun 425ml

A medium-duty gun suitable for all trades and home use. Rounded shaped trigger helps ensure user comfort, reducing the fatigue from repetitive use.
