

## ADHESIVE SPREADERS

### Notched Plastic Trowel

A lightweight, versatile, plastic trowel with a dual-edged blade which makes it ideal for use with both bonding and floor tile adhesives. The trowel is fitted with a comfortable ergonomic handle. Its plastic blade is both easy to clean and rustproof - perfect for any home tiling projects requiring the use of adhesives. With V and U notches.

**Size:**  
278 x 115mm (11 x 4<sup>1</sup>/<sub>2</sub>in)

**V notch: 4mm U notch: 7mm**

**FAISGNOTP**  
£4.50 Ex VAT £5.40 Inc VAT

### Combination Spreader

This combination spreader has a convenient dual purpose design. The notched edge allows fast adhesive application and the squeegee edge enables rapid grouting.

**Width:**  
125mm  
(5in)

**FAITLCOMB**  
£1.65 Ex VAT £1.98 Inc VAT

### Large Dual Purpose Spreader

Dual Purpose Plastic Spreader with a notched edge and a squeegee edge for grouting. Manufactured from a durable, hard wearing plastic. This useful 2-in-1 tool provides a cost effective option for both spreading adhesive and grouting for most tiling projects.

**Width:**  
180mm  
(7in)

**FAITLSPREAD**  
£1.95 Ex VAT £2.34 Inc VAT

### Rubber Edge Squeegee

This squeegee is designed to apply grouting to wall and floor tiles after fixing. Its strong, flexible plastic blade allows the grout to be spread quickly, helping make light work of big grouting projects. An easy-grip handle provides user comfort.

**Width:**  
190mm  
(7<sup>1</sup>/<sub>2</sub>in)

**FAITLSQUEEGE**  
£2.96 Ex VAT £3.55 Inc VAT

### Grouting Trowel

Hard foam trowel (float) for the perfect finishing of tile joints. Ideal for use with standard grout or epoxy based products. Ideal for working with marble and other tiles that may scratch easily. Fitted with an ergonomic soft-grip handle for user comfort.

**Size:**  
300 x 100mm  
(12 x 4in)

**FAISGGROUT12**  
£11.42 Ex VAT £13.70 Inc VAT
