Plastic Chain

Suitable for both internal and external use. This chain is lightweight, weather-proof and resistant to both salt and chemical exposure. Ideal for use as a permanent low maintenance fixture or for use with plastic posts to form temporary fences or barriers to section off restricted areas, in playgrounds, sports grounds, airports, camping sites, swimming pools and in many other areas.

Available in four colours, two of which feature alternately contrasting colour sections making them particularly useful when specific areas need to be clearly sectioned off. Two white chains are also available, one plain link and one spiked, for more decorative application.

Reel Length:
12.5M

Plastic Posts and Bases

Plastic posts and bases can be used in conjunction with plastic chain to create temporary barriers, providing a simple and easy way of managing areas both inside and out. The plastic barrier system comprises high visibility and robust PVC posts and bases that can be used with any of the Faithfull plastic chain range.

Post Size:
Height: 860mm
Diameter: 40mm

The 30cm plastic post bases can be filled with water or sand for added stability, but can still be easily moved so as to adjust restricted areas as necessary.

Base Size:
Diameter: 300mm

For plastic chain joining links, please see page 239.
