

ALUMINIUM OXIDE PAPER ROLLS

Manufactured using a robust 'E-Weight' paper, these aluminium oxide abrasive rolls are ideal for preparing surfaces before painting, and can be used on wood, metal or plastics. Coarse grades are extremely efficient for the quick removal of old paint or tackling rough surfaces, fine grades are used for achieving smooth finishes. 115mm wide rolls can be used on half sheet sanders when cut to the appropriate length.

GREEN ALUMINIUM OXIDE PAPER ROLL
