GROUT & SPONGE TROWELS

Grout floats are used for applying grout between tiles.

FAI SGGROUT6 Narrow hard foam trowel for applying grout in to hard to reach places.

FAI SGGROUT12 Hard foam trowel (float) for the perfect finishing of tile joints. Ideal for use with standard grout or epoxy based products.

FAI SGTSPONGE Soft foam trowel (float) for finishing tile joints, for use with standard grout. Soft sponge floats may be used for cleaning excess grout off freshly grouted tiles and are also ideal for the application of some one-coat plaster products.
