TIE DOWNS

Firmly secures loads quickly and efficiently. Used in the transport and building industries, the home and for many outdoor activities.

'TDCAM51' is made from hardwearing polyester and has a cam buckle action for quick and efficient operation.

The four ratchet tie downs are manufactured from terylene, a cut and abrasion resistant and weatherproof material and feature triple layer webbing and Integral 'J' style fixing hooks. The ratchet action secures loads quickly and efficiently.

All tie downs are manufactured in accordance with EN12195-2
