

## ALL-STEEL TREADED SHOVELS

These Treaded Taper Mouth and Square Mouth Shovels made from Manganese steel for strength. The new improved heavy-duty treaded blade is comfortable on the foot, protects footwear and prevents slipping. The solid forged blade and socket are correctly tempered for strength and powder coated for rust prevention. A tubular shaft is welded to the socket for a strong smooth join and is fitted with a MYD hilt with a wooden cross dowel for added comfort.

	STOCK NO	DESCRIPTION	SHAFT	BLADE	EX VAT	INC VAT
