

KNIVES

SNAP-OFF BLADE TRIMMING KNIVES

Retractable blade 'Snap-off' knives are a popular alternative to standard trimming knives because of the advantage of a replaceable continuous blade from which scored segments can be snapped off to expose a new cutting edge. The removable 'blade snapping tool' provides a means of safely and quickly detaching used blade segments, and three spare strips of blades are located within the integral blade storage system.

Each knife features a comfortable non-slip grip and a thumbscrew safety blade lock.

	STOCK NO	DESCRIPTION	EX VAT	INC VAT
A	FAI TKR59	9mm KNIFE - RETRACTABLE SNAP-OFF	£2.88	£3.45
