SPECIALIST KNIVES

This selection of high quality steel bladed knives are made in Sheffield, England.

The Hacking Knife features a heavy steel cutting blade with a broad back that can be struck with a hammer to remove old putty from window frames.

The Lino Knife is used for cutting soft materials such as Linoleum. The strong curved blade is held to the Beech handle with three rivets.

Shoe Knives are generally used for cutting leather but can be used for many other tasks. They feature a flexible Carbon steel blade riveted to either a Rosewood or Beechwood handle.

	STOCK NO	DESCRIPTION	BLADE LENGTH	EX VAT	INC VAT
E	FAI KHACK	HACKING KNIFE	115mm (4½in)	£8.80	£10.56
