

## CHUCKS

### HEAVY-DUTY KEYED CHUCKS

These chucks can be used on both rotary and impact drills. Both chucks are fitted with an anti-thrust bearing to increase the amount of grip and to prevent slipping when under load. Designed in accordance to DIN6349.

#### KEYED DRILL CHUCK

10mm (3/8in) capacity. Complete with a chuck key.

STOCK NO	TYPE	CAPACITY	THREAD	EX VAT	INC VAT
<b>A</b> FAI CHUCK38	KEYED	1.5mm-10mm	3/8 - 24 UNF	£5.25	£6.30

#### KEYED DRILL CHUCK WITH SDS ADAPTOR

13mm (1/2in) capacity. Complete with key and adaptor for used with 'SDS' machines. Please note that when used with 'SDS' machines, the drill must not be used in hammer mode.

STOCK NO	TYPE	CAPACITY	THREAD	EX VAT	INC VAT
<b>B</b> FAI CHUCK12	KEYED	1.5mm-13mm	1/2 - 20 UNF	£6.95	£8.34

#### KEYLESS CHUCKS

These chucks have the added advantage of not requiring a key and can be used on both rotary and rotary impact power drills and cordless drills or drill drivers. They feature a non-slip locking system for impact drilling and holesaw applications.

#### KEYLESS CHUCK WITH LOCKING SYSTEM

10mm (3/8in) capacity. Commonly found on smaller drill drivers.

STOCK NO	TYPE	CAPACITY	THREAD	EX VAT	INC VAT
<b>C</b> FAI CHUCK38K	KEYLESS	0.8mm-10mm	3/8 - 24 UNF	£5.55	£6.66

#### SUPER-DUTY KEYLESS CHUCK WITH CARBIDE JAWS AND LOCKING SYSTEM

13mm (1/2in) capacity. For use in professional hammer drills, its all steel construction and Tungsten Carbide jaws provide a long working life.

STOCK NO	TYPE	CAPACITY	THREAD	EX VAT	INC VAT
<b>D</b> FAI CHUCK12K	KEYLESS	1.5mm-13mm	1/2 - 20 UNF	£14.35	£17.22

All chucks are designed to fit reversing drills.

## SDS CHUCK ADAPTOR

This SDS chuck adaptor allows drill chucks to be used with 'SDS' machines.

Please note that the drill must not be used in hammer mode when using this adaptor.

STOCK NO	DESCRIPTION	EX VAT	INC VAT
<b>E</b> FAI CHUCKSDSA	SDS TO 1/2in 20 UNF	£3.00	£3.60
