

SDS DRILL BITS & STEELS

SDS PLUS DRILL & STEEL SET

A combination set of 'SDS Plus' masonry drill bits and steels which can be used on most masonry materials such as concrete, brickwork and mortar. The 'SDS Plus' masonry drills are ideal for rotary percussion drilling into concrete and brick. The set is well balanced with a selection of popular points and chisels used mainly for light demolition, chiselling, stripping plaster, mortar chasing, channelling and breaking through brickwork.

This 12-piece set is presented in a robust storage case and represents an ideal combination of drill bits and steels as listed below:

| STOCK NO | DESCRIPTION | EX VAT | INC VAT |
|-------------------------------------|-------------------------------------|------------------|---------|
| A FAI DSS | 12-PIECE SDS PLUS DRILL & STEEL SET | £19.95 | £23.44 |
| 1 EACH OF SDS PLUS DRILL: | | | |
| 5mm dia x 110mm | 6mm dia x 110mm | 8mm dia x 160mm | |
| 10mm dia x 160mm | 12mm dia x 160mm | 14mm dia x 200mm | |
| 16mm dia x 210mm | 18mm dia x 300mm | 20mm dia x 450mm | |
| 1 SDS PLUS CHISEL POINT STEEL 250mm | | | |
| 1 SDS PLUS CHISEL BIT 20mm x 250mm | | | |
| 1 SDS PLUS CHASING GOUGE 250mm | | | |

SDS DRILL SET

An 'SDS' fitting 11-piece masonry drill set, featuring an assortment of sizes and lengths. The selection of sizes was chosen based on popularity and common usage.

| 12mm dia x 450mm | 18mm dia x 450mm | 20mm dia x 450mm | |
| 2 OF SDS DRILL: | | | |
| 12mm dia x 210mm | | | |

SDS PLUS STEELS

A range of four of the most popular steels, selected for their suitability for most applications when working on concrete and bricks.

Made from drop forged chrome molybdenum with heat treated tempered edges and points.

Molybdenum is ideally suited for points and steels because of its known reputation for hardness, toughness and wear resistance.

| STOCK NO | DESCRIPTION | EX VAT | INC VAT |
