

## CALIPERS

### VERNIER CALIPER

Manufactured from hardened stainless steel with dual reading in imperial to 0.001in and in metric to 0.02mm. The universal four-way measurement facility enables readings in external, internal, depth and step modes.

The sliding thumb-lock feature easily allows quick and precise measurements to be taken.

Supplied in a strong plastic storage case.

<b>A</b> FAI CALVER	VERNIER CALIPER	150mm (6in)	£21.15	£24.85

### DIGITAL CALIPER

Manufactured from hardened stainless steel, this three function electronic digital caliper provides precision readings through a clear liquid crystal display. Its many features include a fine adjustment roller which allows precise measurements to be taken quickly and easily. The digital selection button enables readings to be displayed in either metric, imperial or fractional format. The four-way measurement function provides a choice of readings in external, internal, depth and step modes. Supplied in a strong plastic storage box.

<b>B</b> FAI CALDIG	DIGITAL VERNIER CALIPER	150mm (6in)	£31.75	£37.30
FAI CALDIGBAT	REPLACEMENT BATTERY 3V(CR2032)		£2.00	£2.35

### JENNY CALIPERS

Fixed point 'Jenny' or 'Hermaphrodite' calipers are specifically designed to locate the centre of a round or square section of steel, and are also used for marking off a constant distance from an edge. One leg holds an adjustable point and the other leg features a locating lug.

<b>C</b> FAI CALJEN6	JENNY CALIPER	150mm (6in)	£4.99	£5.86

### SPRING CALIPERS AND DIVIDERS

Manufactured from high quality carbon steel with a polished finish. The legs are made from carefully selected flat stock with heat treated points for durability, and they pivot on a roller while the bow spring ensures a precise tension setting.

Accurate adjustments are made by turning the knurled nut on the threaded rod. The design of these calipers, with their fine adjustment feature, ensures quick and positive settings when taking or transferring specific measurements.

#### INSIDE SPRING CALIPERS
