

WOODSCREW CASES

The 'Tornado-Twin' is a high performance twin threaded woodscrew with all the expected features for accurate and fast driving in all types of wood and man-made boards.

These two screw box sets are filled with the most popular sizes of 'Tornado-Twin' woodscrews. Each set is supplied in a carry case with removable compartments and is complete with three Pozo No.2 screwdriver bits and a magnetic hex bit holder.

The 1,200-piece kit is suited to the keen DIY enthusiast, with a selection of ten screw sizes in a heavy-duty plastic storage case.

The 1,925-piece kit is better suited to professional users with a larger quantity of screws and an assortment of high quality nylon fixing plugs in a sturdy metal case fitted with a safety catch.

TORNADO-TWIN Twin Thread Woodscrews

Designed for speed and accurate driving, the Tornado-Twin is a versatile and efficient woodscrew for all interior wood fixing applications. It is suitable for use in all types of wood, including man-made MDF, chipboard and plywood.

NB. Due to manufacturing processes, some screws are not fully threaded to the head as illustrated.
