STANDARD DIAMOND CORE BITS

Diamond core drills cut clean holes with no 'breakout', and are suitable for use in brickwork and blockwork. They are ideal for plumbing, electrical, engineering installation and general building tasks. All cores are 1/2in BSP threaded.

	STOCK NO	DIAMETER	LENGTH	EX VAT	INC VAT
	FAI DC28C	28mm	300mm	£56.18	£67.41
A	FAI DC38C	38mm	150mm	£50.35	£60.42

DIAMOND CORE BIT SETS

These sets are presented in sturdy Aluminium cases.

7-PIECE CORE BIT SET

The 7-piece set features three dry cutting Diamond core drills with application options as follows:

52mm & 78mm FOR WASTE PIPES, 107mm FOR EXTRACTOR VENTS

	STOCK NO	DESCRIPTION	EX VAT	INC VAT
I	FAI DCKIT7C	7-PIECE DIAMOND CORE BIT SET 52, 78 & 107mm DIAMOND CORE BITS, 210mm PILOT DRILL, 150mm EXTENSION, HEX ADAPTOR, DRIFT PIN	£161.70	£194.04

10-PIECE CORE BIT SET

The 10-piece set has wheels and a handle for easy transportation and contains five core drills as follows:

38mm FOR OVERFLOWS AND FEEDS, 52 & 65mm FOR WASTE PIPES, 117mm FOR SOIL PIPES AND VENTS, 127mm FOR EXTRACTOR VENTS

	STOCK NO	DESCRIPTION	EX VAT	INC VAT
J	FAI DCKIT10C	10-PIECE DIAMOND CORE BIT SET 38, 52, 65, 117 & 127mm DIAMOND CORE BITS, 210mm PILOT DRILL, 300mm EXTENSION, SDS ADAPTOR, HEX ADAPTOR, DRIFT PIN	£271.43	£325.71

HAMMER OR IMPACT DRILLING ACTION MUST NEVER BE USED WITH DIAMOND CORE BITS AS DAMAGE MAY RESULT TO THE CUTTING TEETH
Diamond cores must always be used with power drills rated at 850 to 1,000 watts that are equipped with a safety clutch and variable speed function. Speeds of between 440 and 2,500rpm are required for the correct application of core drills.
