

GARDEN SPRAY KIT

The ideal watering accessory starter kit.

The spray gun delivers eight patterns - cone, fan, flat, jet, mist, soaker, shower and quad, by turning the front facing selector nozzle to one of eight positions. The kit contains the necessary fittings for attaching a hose to an outside tap with a 1/2in or 3/4in diameter, plus all the necessary adaptors for connecting both the hose and the gun to the water supply. The handy hose mender doubles as an extender for connecting two lengths of hose to create a longer run.

Kit Contains: Eight pattern Spray gun, Female Hose Connector, Female Water Stop Connector, Hose Menders, Dual Tap Connector

PRESSURE SPRAYERS

These sprayers are suitable for use with most garden chemicals and are a 'must' for spraying applications around the garden, greenhouse and vegetable plots. Manufactured from shatterproof and frost resistant materials and equipped with a pressure release safety valve. The spray lance has an adjustable spray nozzle with a trigger lock for continuous use when required.

The 5lt sprayer is quickly pressurised by repeatedly depressing the pump handle and is supplied with a handy shoulder strap for single-handed use if preferred.

The 16lt easy carry 'knapsack' sprayer has a pump as you go pressure action, that makes light work of those big spraying jobs, the large capacity makes this sprayer ideal for use in the bigger garden.
