

## AUTOMATIC CENTRE PUNCH

The automatic centre punch conveniently fits into a pocket like a pen. It enables the user to make a wide range of graduated markings from light indents to heavy punching without using a hammer. It is designed to release a punch when the head is depressed, and the strike force is adjustable from 5lb to 30lb by rotating the knurled head.

<b>A</b> FAI CPAUTO	4.0mm (5/32in)	100mm (4in)	£6.76	£7.94

## CENTRE PUNCHES

A range of centre punches made from high quality hardened and tempered carbon steel.

The punches have a knurled body to enhance grip and are ideal for making indentations in material to ensure the correct positioning for drilling points. The square head stops the punch from rolling on an inclined surface.

FAI CP145H	6.0mm (1/4in)	100mm (4in)	£1.90	£2.23

## NAIL PUNCHES

Designed to drive nail heads below the surface of wood or plasterboard, these punches have knurled shafts and a square head to prevent rolling. Made from hardened and tempered steel, the slightly cupped heads help to improve contact with the nail head while driving it below surface level.
