## STANDARD PVC-GRIP RANGE

A range of pliers suitable for a wide variety of trade uses. These pliers are made from high grade carbon steel with the exception of the circlip and waterpump pliers which are manufactured from chrome vanadium steel. All handles are PVC sleeved to provide a comfortable grip.

### INSIDE & OUTSIDE CIRCLIP PLIERS

Straight and bent nose versions of circlip pliers for compressing and fitting internal and external circlips. Exactly defined pins ensure that the ring always fits securely.
