

POWER STICK TAPE

A highly versatile and durable waterproof fabric based tape backed with an extremely strong adhesive. Sometimes known as 'Gaffa' tape, it is the perfect choice for heavy-duty applications including packing, joining, sealing, binding and general repairs.

It is ideal for use on most surfaces, and not only will this extra tough and robust tape ensure a firm and secure hold under tough conditions, it will also provide a long lasting repair in cases where a replacement would otherwise have been necessary. This 'workhorse' tape is a must for every toolbox.

SPRAY ADHESIVE

Non-chlorinated and CFC free, this transparent spray adhesive can replace other means of attachment such as double-sided tape, and it can be used for a wide range of applications such as floor laying, upholstery and mounting photographs. It works on almost any surface excluding vinyl, and it is particularly effective on porous surfaces. The contents of a 500ml aerosol container can cover up to 60 square feet depending on the thickness applied. When used indoors, adequate ventilation is necessary to disperse all fumes.
