

### Plumbers Strips

An industrial grade non-woven nylon abrasive product, impregnated with aluminium oxide. Used to clean and finish all metal and plastic surfaces, a safer and cleaner alternative to steel wool.

**Size:**  
250 x 50mm

**6 PACK**

**FAIAPLUSTRIP**  
£6.91 Ex VAT £8.29 Inc VAT

### Mesh Plumbers Strips

Open mesh abrasive strips are supplied as a pack of 10 assorted grits. Made of fibreglass mesh bonded with silicon carbide grit and ideal for the preparation of copper and steel pipes for soldering and also for the removal of paint or corrosion.

**Size:**  
250 x 38mm

**10 PACK**

**FAIAPLUMESH**  
£6.16 Ex VAT £7.39 Inc VAT

### Lead Dressers

Used when moulding or dressing sheet lead, copper, zinc, aluminium and other ductile material. Lead dressers have rounded corners with a raised handle to provide sufficient clearance for the user's knuckles when hammering.

#### Plastic

A durable dresser manufactured from tough high density plastic to withstand hammering on the top or sides.

**Face Dimensions:**  
170 x 50mm  
(6<sup>3</sup>/<sub>4</sub> x 2in)

**Weight: 450g**

**FAILD**  
£18.64 Ex VAT  
£22.37 Inc VAT

#### Wood

A traditional dresser manufactured from straight grain seasoned beech timber ideally suited to these tools.

**Face Dimensions:**  
170 x 50mm  
(6<sup>3</sup>/<sub>4</sub> x 2in)

**Weight: 403g**

**FAILDBEECH**  
£16.64 Ex VAT  
£19.97 Inc VAT

### Drain Rod Set

These rods can be used to clean and remove obstructions from most domestic 100mm (4in) underground drainage pipes. The set consists of ten flexible, screw together rods which can reach up to 9 metres in length when fully assembled. Each 920mm polypropylene drain rod has crimped and pinned rustproof connectors for extra strength and the kit is supplied complete with a 100mm rubber plunger and a 50mm double worm screw.

**FAIDRSET12**  
£32.90 Ex VAT £39.48 Inc VAT

**10 x Rods, Plunger & Worm**

**NOTE: ALWAYS ROTATE DRAIN RODS IN A CLOCKWISE DIRECTION.**
