

## Faithfull Tool Team

Tested by Tradesmen

[www.faithfulltools.com/toolteam](http://www.faithfulltools.com/toolteam)

The Faithfull Tools 'Tool Team' are a group of trade professionals who have been selected to represent and test our hand tools and accessories.

We value their feedback and use this to ensure our products are manufactured to the highest possible standards, guaranteeing they pass the test of time when used regularly by tradesmen. Our tool team assist us in developing new products ensuring we bring industry leading products to the market specifically designed for the trade professional.

For more information about the team and reviews of products visit our website and click on the Tool Team tab.

## Construction Training Specialists Ltd

Construction Training Specialists Ltd are a well-established unique construction training and development company based in Norwich.

CTS Ltd offer a wide range of apprenticeships and construction courses focusing on the techniques required to fill the skills gaps within the industry, whilst engaging with people who want to improve their skills base. CTS Ltd are the premier training organisation for construction training qualifications in the Eastern Region. They have expertise in delivering courses from entry level through to supervisory and management at Level 4, 5 and 6 across a range of skills and trade areas.

Faithfull Tools and CTS Ltd work closely when it comes to choosing tools to suit the needs of the trades people of tomorrow and as such, CTS Ltd test, assess and endorse tools for all trades from the Faithfull Tools range.
