Builders Buckets

Manufactured from heavy-duty yet highly flexible material, these buckets are ideal for the mixing and transporting of dry and wet cement, plaster and mortar. The shape of the bucket improves its resistance to damage during the mixing process. For added convenience two rope handles allow the building container to be easily lifted.

40 Litre (9 Gallons)

FAI40LBUCKET
£9.28 Ex VAT £11.14 Inc VAT

65 Litre (14 Gallons)

FAI65LBUCKET
£11.48 Ex VAT £13.78 Inc VAT

Plasterers Bath

Plasterers mixing bath with curled rims for additional strength. Manufactured from heavy-duty polyethylene, virtually unbreakable. Guaranteed not to rot, rust, crack or distort in adverse weather conditions. Strong, light and easily carried.

Ideal rendering skip, water trough or rubble container.
