

SOFT-GRIP TROWELS A comprehensive range of trowels for building, plastering and tiling jobs. Fitted with full size bi-material, soft-grip handles for user comfort.

Pointing Trowels

Small bladed trowel designed for use in forming brick joints and repairing or replacing weathered joints. These trowels are also a popular choice for shaping and retouching damaged mortar in many situations.

Length: 125mm (5in)

£6.62 Inc VAT

Brick Trowels

The angled design of the London pattern blade permits easy scraping of mortar from boards.

The large flexible blade of the Philadelphia pattern trowel makes it a popular choice for bricklaying and blocklaying applications where more mortar is required.
