£8.73 Ex VAT £10.48 Inc VAT

## Margin Trowel

The margin trowel has a flat rectangular blade that is designed for cementing and finishing around windows and any confined areas. Often used by plasterers when unable to use a larger trowel. These trowels are also known as window trowels.

Size:  
125 x 50mm  
(5 x 2in)

FAISGMARG5  
£4.06 Ex VAT £4.87 Inc VAT

Hard foam trowel (float) for the perfect finishing of tile joints. Ideal for use with standard grout or epoxy based products. This trowel has a less abrasive surface making it ideal for working with marble and other tiles that may scratch easily. Fitted with an ergonomic soft-grip handle for user comfort.

Size:  
300 x 100mm  
(12 x 4in)
