£77.23 Inc VAT

Post Hole Auger

A post hole auger provides an easy non-mechanical means of creating holes when erecting fencing posts. When rotated in a clockwise direction the thread bores a hole into the soil or clay.

Overall height: 1.1m

Screw Length: 350mm
Dia: 150mm

£78.43 Inc VAT

Post Hole Digger

Steel oval mouth shovel blades which are hinged in opposition for easy soil removal. A closure stop on the shafts keeps the blades in parallel when driving the shovel downward into the ground creating a neat post hole while minimising the need for backfill.

Shaft: 1.2m
Blade: 250mm x 150mm

FAIPHD
£59.92 Ex VAT
£71.90 Inc VAT

For replacement handle, please see page 148.

Post Hole Digger Compound Action

Heavy-duty all steel welded construction with large wide opening blades. The increased strength of this digger makes it much more suited to working in rocky soil. Compound action; close handles to close blades.

Shaft: 1.35m
Blade: 350mm x 210mm
