FIBREGLASS LONG TAPES

A new range of fibreglass long tapes offering superb accuracy and durability for the measuring out of groundworks, landscaping projects, field events and for general building work and surveying applications. The tapes are printed on both sides for easy reading and are impervious to moisture and resistant to scuffing and marking.

EEC Class 3 standard

Fibreglass tapes resistant to stretching

Lightweight, tough ABS cases

Folding rewind handles

Rotating winding knobs

Fully Enclosed Long Tape ABS Loop End

This modern style tape measure features a soft grip ABS casing enclosing a 15mm fibreglass tape. Marked in both metric and imperial measurements. The winding knob folds flat within the casing and is used to activate the 3:1 gearing to rewind the tape quickly after use.
