

ABS Plastic Folding Rules

A traditional style 1 metre (39in) folding rule as used by cabinet makers, bricklayers, carpenters, decorators, woodworkers and home handymen. Manufactured from a virtually unbreakable ABS plastic, the rule features bevelled edges and easy folding brass hinges.

The rule displays both metric and imperial graduations for convenience, with the metric scale graduated in 1mm and 5mm intervals, and figured every 10mm up to one metre. The imperial scale is graduated in 1/8ths and is figured every inch up to one yard. When folded for storage, the overall length is a pocket sized 265mm (10¹/₂in).
