

Screwdriver Set

A superb set of screwdrivers featuring full size bi-material soft-grip ergonomic handles to maximise user comfort and providing a firm non-slip grip. The handles also features a drive icon displayed on the end for easy identification. The blades are manufactured from a high quality, correctly hardened and tempered chrome vanadium steel to provide a long working life.

Professional Screwdriver Set

This eight piece set includes seven of the most popular slotted, phillips and pozidrive screwdrivers. Manufactured with chrome vanadium steel and featuring magnetic tips and bi-material soft-grip handles. The set also contains a magnetiser/de-magnetiser, a useful addition as some applications benefit from having a magnetised tip for screw retention/retrieval and some applications where no magnetisation is required. Supplied in a plastic carry case.

Contents:

- ⊖ Flared 3 x 75mm 5 x 125mm 6 x 150mm
- ⊕ Phillips PH0 x 60mm PZ2 x 38mm
- ⊕ Pozidrive PZ1 x 75mm PZ2 x 100mm Magnetizer/ Demagnetizer
