Fold Away Step Up Platform

The 'Step Up' work platform is ideal for use when decorating or carrying out general repairs, providing a stable platform for reaching most domestic ceilings and upper walls. Manufactured from aluminium it is sturdy, lightweight and easy to move. Safety features include anti-skid feet, two leg locks and a non-slip platform work top. Folding legs provide for space saving storage and allow it to fit easily into a van or car boot.

Maximum safe working load 150kg
