

## Landscape & Hay Rakes

### Landscape Rake

A heavy duty rake with a cast aluminium head, ideal for levelling sand, gravel and raking out bark, wood chippings and leaf mulch. The wide head design helps covers large areas quickly and efficiently and features a raised back so that it can be inverted and used to flatten out large areas. The head has 18 rounded metal tines.

**Handle length:**  
1.8m (72in)

**Head width:**  
680mm (27in)

**FAIALR**  
£28.40 Ex VAT  
£34.08 Inc VAT

### Hay Rake

This wooden rake is based on the traditional Haywainers pattern, with a wide head and long reach for gathering straw, hay or grass. It has 16 dowelled peg tines fitted to wooden shaft and iron stay.

**Handle length:**  
1.7m (66in)

**Head width:**  
730mm (29in)

**FAIWHR**  
£28.39 Ex VAT £34.07 Inc VAT

## Farming & Equestrian

Manure forks are excellent for use in the garden or for farmwork. Faithfull manure forks are lightweight, strong and well balanced with solid socket heads and long pattern hardwood handles.

### Manure Fork

A traditional farm and equestrian fork designed for use when picking up and moving manure. The hardwood handle is fitted with a solid socket four prong head that is lightweight yet hard wearing, a T handle grip is provided for easy use of turning and tipping.

**T-Handle**  
Length: 1.2m  
4 Prongs
