

Hickory Handles

Hatchets

Hickory shaft hatchets, ideal for trimming branches and root growth. Manufactured from carefully hardened and tempered quality carbon steel, the head is fully ground with polished cutting edges which are protected by a blade guard. Fitted with a traditional hickory handle which is known for its strength and ability to absorb impact.

FAIAXE114	567g (1 ¹ / ₄ lb)	£15.02	£18.02

Traditional Log Splitting Mauls

A heavy-duty traditional log splitting maul designed to split logs quickly and efficiently. It has a quality drop forged head, is fitted with a hickory handle and has the added protection of an overstrike collar. The maul may also be used as a hammer for driving a wedge into oversized or difficult logs as well as for splitting logs.
