

## 30W LED Folding Plasterers Light

The Faithfull plasterers lights are made from a sturdy steel construction and polycarbonate lens cover making these lights tough and durable. Fitted with super bright SMD LEDs that give a 6400K colour temperature and a 120° beam angle. They are ideal for all interior or site work,

The lights have two built-in power outlets for 'in-series' linking and the integral suspension hook makes these lights truly versatile when in use. The leg stand can be fully folded for transportation or space saving storage.

Available in 240 volt or 110 volt versions.

Twin power outlets for 'in-series' linking.

## 44W Plasterers Tripod Light

These lights have many uses around the work place or home. They are on a tubular steel tripod stand and fold away for easy transportation and storage. They provide a glare free bright light, which is ideal for wall plastering, as you get a good even light to see the wall is completely flat or for vehicle spraying where you will not get any shadowing.

Fitted with super bright SMD LEDs that give a 4050 lumens output, a 6400K colour temperature and a 120° beam angle.

Folds for easy storage
