55W Heavy-Duty Task Lights

Similar to the 38W version, this powerful work light has a 55 watt fluorescent tube providing even more light and in addition has power take-off sockets fitted to allow the lights to be wired "in-series". These lights are cool running and eliminate the fire and burn hazards associated with halogen site lighting. This powerful worklight has a 55 watt fluorescent tube mounted in an impact resistant case. The 110 volt is rated to IP54 watt and the 240 volt is rated IP44. 3 metre cable with built-in storage. Fitted with an approved plug.

Two power outlets for in-series linking.
