

## Tile Max Drill Bits

Tile Max drill bits have a unique asymmetric tip which has been diamond ground from the best quality tungsten. This enables the user to drill through a wide range of materials such as: PEI 5 class porcelain, ceramics, fine stoneware, marble, concrete, engineering brick and even granite!

### Asymmetric tip design reduces resistance by 25%

There is no wandering when drilling starts. There is also less chance of cracking or chipping (dependent on tile type) which leads to a perfectly formed round hole. The ingenious triangular shaped shank guarantees no slip rotation in the drill chuck. The 4mm is really useful for drilling a pilot hole.

#### RECOMMENDATIONS

These drill bits should be used in variable speed drills only on as slow a speed as possible. The life will increase when used with water to cool the tip down. The drill bit must not be used on the hammer setting.

	BIT DIA	LENGTH	Ex VAT	Inc VAT
FAITM485	4mm	85mm	£7.48	£8.98
FAITM585	5mm	85mm	£7.08	£8.50
FAITM55100	5.5mm	100mm	£7.84	£9.41
FAITM6100	6mm	100mm	£8.16	£9.79
FAITM65100	6.5mm	100mm	£8.48	£10.18
FAITM7100	7mm	100mm	£9.00	£10.80
FAITM8120	8mm	120mm	£9.48	£11.38
FAITM10120	10mm	120mm	£9.81	£11.77
FAITM4SET	Set of 4 Drills - 5, 6, 7, 8mm		£28.02	£33.62

## Tile and Glass Drill Bits

These have extremely hard tungsten carbide spear tips and should be used at low speeds whilst applying light pressure only. For drilling glass windows, mirrors, bottles and ceramics. For use in variable speed drills only.

	BIT DIA.	LENGTH	Ex VAT	Inc VAT
FAIGD3	3mm	60mm	£3.94	£4.73
FAIGD4	4mm	60mm	£3.94	£4.73
FAIGD5	5mm	60mm	£4.25	£5.10
FAIGD6	6mm	60mm	£4.25	£5.10
FAIGD7	7mm	60mm	£4.50	£5.40
FAIGD8	8mm	75mm	£4.82	£5.78
FAIGD10	10mm	90mm	£6.30	£7.56

**NOTE:** Lubricate with water for best results. NOT FOR USE ON HARDENED, TOUGHENED OR TEMPERED GLASS.

## Glass Drill Sets

### 4 PIECE SET

Sizes:  
**3, 4, 5, 6mm**

FAIGDSET4  
£13.76 Ex VAT  
£16.51 Inc VAT

### 6 PIECE SET

Sizes:  
**3, 4, 5, 6, 8, 10mm**

FAIGDSET5  
£23.32 Ex VAT  
£27.98 Inc VAT

## Drill Guide

Prevent drill bits from wandering when drilling into a smooth or glazed surface. The stainless steel guide plate is fitted with a central suction cup that can be attached to any smooth surface by simply depressing a lever. The guide features an EVA suction pad that can also be used to retain water to help cool and assist in the slow drilling of hard materials such as ceramic tiles.

FAITLDRILGUI  
£13.86 Ex VAT £16.63 Inc VAT

Drill bit sizes:  
**5, 6, 8, 10, 12mm**

Suitable for use in conjunction with Masonry, HSS, Diamond, Glass and Tile Max drill bits.
