

Red Soft-Grip Bevel Edge Chisels

A high quality chisel for the professional user and the keen DIY enthusiast. The bevelled edge blade design makes the chisel ideal for both fine work and for cutting into tight corners. All loose chisels are supplied in a plastic hanging case with magnetic storage clip.

Red polypropylene handle

The handle has a soft-grip, anti-slip, coating for user comfort.

Steel Striking Cap

Protection for when used with a mallet, or an occasional hammer blow.

High Quality Carbon Steel

The chisel blade is manufactured from drop-forged chrome vanadium steel that is hardened and tempered to exacting standards to ensure that the cutting edge remains sharper for longer.

| | BLADE WIDTH | BLADE LENGTH | Ex VAT | Inc VAT |
|----------|-------------|--------------|--------|---------|
| FAIWCR6 | 6mm | 140mm | £8.31 | £9.97 |
| FAIWCR10 | 10mm | 140mm | £8.46 | £10.15 |
| FAIWCR12 | 12mm | 140mm | £8.65 | £10.38 |
| FAIWCR16 | 16mm | 140mm | £8.85 | £10.62 |
| FAIWCR19 | 19mm | 140mm | £9.37 | £11.24 |
| FAIWCR25 | 25mm | 140mm | £9.82 | £11.78 |
| FAIWCR32 | 32mm | 140mm | £10.94 | £13.13 |
| FAIWCR38 | 38mm | 140mm | £12.51 | £15.01 |

SHARPENING

A correctly sharpened wood chisel has a double angle profile. The blade is ground to an angle of 25° which increases to 30° at the leading edge of the blade (the cutting angle).

For complete accuracy use a honing guide FAIHG (see page 91) and an oil, diamond or water stone.

Red Soft-Grip Chisel Set

Four piece set of the above red, bevel edged, soft-grip chisels supplied in a handy canvas storage case.
